

Updated May 7, 2020

Pursuant to TCA § 57-3-802 (2), “Wine” means the product of the normal alcoholic fermentation of the juice of fresh, sound, ripe grapes, with the usual cellar treatment and necessary additions to correct defects due to climatic, saccharine and seasonal conditions, including champagne, sparkling and fortified wine of an alcoholic content not to exceed eighteen percent (18%) by volume. No other product shall be called ‘wine’ unless designated by appropriate prefixes descriptive of the fruit or other product from which the same was predominantly produced, or an artificial or imitation wine. ‘Wine’ does not mean alcohol derived from wine that has had substantial changes to the wine due to the addition of flavorings and additives.”

Based on the statute and the TABC’s review of the products specified below, the following are allowed or prohibited based on the agency’s interpretation of state law and rule 0100-11-.03(2). The TABC will continue to review products as appropriate.
